F.A. CUP SPECIAL

Round One WYCOMBE v NEWPORT

A four page supplement

KEITH SEARLE, Wycombe Wanderers' centre forward, is out of tomorrow's F.A. Cup first round tie against professionals Newport County.

Keith has broken the main ligament in his right knee and will be out for at least another week and possibly mare. He saw a doctor on the saw and the

man to do just that.

As well as scoring goals (he has 17 already this season), Searle is also a more than useful creator as he demonstrated (wice against Enfeld recently. His deal with the highly rated Steve Alzlevood would have been a key factor, ososibly even the turning noting of the whole game, and now the responsibility for scoring goals will be on the shoulders of a new look front three.

"IMMEASURABLE"
ombe boss Brian Lee described the loss of Searle's services

it.

Other injury news will not be known until after the F.A. Amateur KI's match at Oxford University on Wednesday. Four Wycombe nen are involved — Mick Holffield, Dave Bullock, Steve Perrin and Rob Williams.
Wanderers trained last night (Thursday) under Mariow Rugby (Lub's new Hoodlights which are powered by their own generator.

Cain's new floodlights which are powered by their own generator.

As usual, the final team will not be announced until shortly before the kick off and it will be interesting to see if nor change is made in midfield. One possibility is that newcomer Terry Reardon may come into the side at the expense of Tony Brothers. Reardon certainly added stability to the middle of midfield on Saturday when he replaced "vitex Holliteld.

Aizlewood, I player similar to Wycombe's former skipper John
Delaney who left last season, is a tower of strength in both penalty
areas and scored one of the goals against Darlington. He is the
club's leading goalscorer (not bad for a centre half).

latest news from Newport is they are worried about injuries ee players. Les Hill, their longest serving player, sustained a strain against Darlington but should be fit.

d man Bob Summerhayes has a sore heel which needed an X-week while Willie Screen, who injured his chest a month ago armsley, is almost definitely out.

"I wouldn't say that we are still haunted by it, but it is something, obviously, which we still have on our minds," he says. And he is determined that there is not going to be a repetition this time.

About Mycombe, he takes the realistic view that they are not to be under-estimated in any way. Which is why he sent assistant-nanager and couch Brain Harris to run the rule over them in last Saturday's match.

"We must use our experience and expertise to see us through to the next round."

Heading Newport's challenge will be linkman Brian Godfrey and his former Bristol Rovers colleague Harold Jarman.

Both these players have passed their 33rd birthdays, Godfrey's career spanned service with half a dozen different clubs and also brought him three Welsh caps. He took over the Newport captaincy when injury ruled out Brian Harris.

But while Godfrey will be in the driving seat, Newport's striking force will be spearheaded by two players — Willie Brown and Rod

Jones.

Brown is a Scot, and since he joined Newport for a mere £1.500 some three years ago, has deserved his label as "the biggest bargain Newport ever made." Jones is a local part-timer who has made Served the statement of th
